

# Policy for College Ambassador

---

## Guidelines for College Ambassador

1. The most important part of your job is to make students in your college **aware** of **Zeitgeist**, and **ensure maximum participation** in the events that will be a part of it. Most of this will be done by **sharing the posts** from our Facebook page on your timeline and to the other Facebook groups of your college students. The same can also be done through WhatsApp groups, but make sure you've already shared the posts on Facebook.
2. Your role is to ensure that **maximum people** visit our website and **register** (as soon as the registrations begin). This is the task which will require your communication skills and convincing abilities but, this will be the **most important** and the **most rewarding** task. To help you out here, we suggest that you focus your attention on the cultural clubs and societies of your college, say the Dance club, the Dramatics club, the Music club etc. and personally talk and convince the members and coordinators of these clubs to register in various events of Zeitgeist. Also talk to the **old participants** as they might be interested and can help you get more participants.
3. Ensure that the people viewing the posts on our Facebook and Instagram page are as many as possible. **Like and follow** our Facebook and Instagram page and convince others to do the same. Also, **invite people** to like our page, this can be easily done by using 'invite all' extensions of your internet browser (preferably chrome), you can also send the link of our Facebook and Instagram page personally to your close friends and make them do the same.
4. The events' **posters** will be released on the Facebook and Instagram page of Zeitgeist, which should be **shared** in different groups on Facebook as well as WhatsApp. All these activities have **points** and the screenshots of the posts shared by you will help you earn them.
5. You will be required to print some **posters** (on an **A3** sheet of paper or bigger) and paste them at various **active and lively areas** of your college like the cafeteria, mess, notice boards etc. **Share** pictures of those posters along with students on the **Facebook** page of Zeitgeist and use its screenshot to earn points.
6. You have to take **permissions** from your Faculties (or DEAN Student Affairs) for organizing **flash mobs** and **publicity drives** in your colleges.
7. Check your **Mail** and **WhatsApp** regularly for the **updates**.
8. **Deadlines** are very important, so make sure you adhere to them else you will **lose** some **points**.

Begin your work by liking and inviting others to like the Facebook page of Zeitgeist (link is mentioned below) and thus share the existing videos and posts of Zeitgeist and most importantly share the 'College Ambassador' post in Facebook and WhatsApp groups of other colleges. Here are the links to our various pages and websites:  
Facebook page – <https://www.facebook.com/zeitgeist.iitrpr/> Instagram page – [https://www.instagram.com/zeitgeist\\_iitrpr/?hl=en](https://www.instagram.com/zeitgeist_iitrpr/?hl=en)
